# About

Tensorium is a company developing the future of artificial intelligence technologies. Our mission is to provide accessible yet powerful resources for training AI models, thereby accelerating innovation and advancement in the AI field. We believe that joint investment in GPU clusters not only fosters technological progress but also offers unique income opportunities for our partners and clients.

## Company history

### 2021

Founded in 2021 by AI enthusiasts, Tensorium set out to break down barriers in computing resources for AI developers globally. Its mission from the start was to make AI training accessible to researchers, startups, and large enterprises alike.

### 2022

The first GPU cluster launched in Brisbane, Australia, marking a new era in AI development. In 2022, Tensorium expanded by adding clusters in Europe and Asia, increasing access to high-quality AI training resources.

### 2023

In 2023, Tensorium was recognized as a top AI computational power provider due to its innovation, service quality, and understanding of developers' needs. We stay dedicated to democratizing access and advancing AI.

### 2024

In 2024, Tensorium opened investment in GPU clusters, allowing private investors to join the growing AI industry. This move accelerates development, ensures sustainability, and creates new opportunities for investors, developers, and researchers globally.

# Company goals

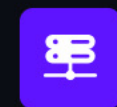

The company's goals for the coming years focus on driving innovation, expanding infrastructure, and fostering strategic partnerships. Tensorium aims to significantly enhance its technological capabilities by implementing cutting-edge GPUs, upgrading software and network infrastructure, and introducing new cloud services.

Additionally, the company is committed to supporting the AI ecosystem by forming key partnerships and establishing an investment fund to back startups and innovative projects. Sustainability is also a priority, with plans to implement energy-efficient solutions to minimize environmental impact.

## 2024 Q3

Implementation of the latest GPUs to enhance the efficiency and speed of AI model training

## 2024 Q4

Doubling the number of clusters with high-performance GPUs

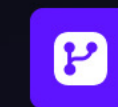

## 2025 Q1

Software upgrade for all clusters, including new features and security enhancements

## 2025 Q2

Forming strategic partnerships with major investment and technology funds

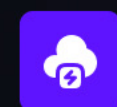

## 2025 Q3

Upgrading network infrastructure to ensure faster and more secure data transmission

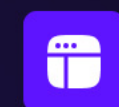

## 2025 Q4

Establishing the Tensorium Investment Fund aimed at supporting startups and innovative projects in the AI field

## 2026 Q1

Introducing new cloud services designed to accelerate the development and deployment of AI solutions in various industries

## 2026 Q3

Launching a collaboration platform that will enable AI researchers and developers to effectively share data and algorithms

## 2026 Q4

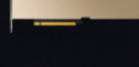

Implementing energy-efficient solutions aimed at minimizing the environmental impact of our operations

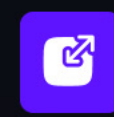

# Technology

At Tensorium, we understand that the heart of any AI-related project is a powerful and reliable computational infrastructure. That's why we have developed a range of high-performance clusters designed to provide optimal power and efficiency for your tasks

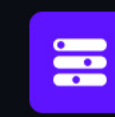

Our clusters are equipped with the latest generation of GPUs from leading chip manufacturer Nvidia, ensuring the highest data processing and analysis speeds. We offer various cluster configurations tailored to specific needs and tasks

Cluster	CPU	Memory	GPU Memory
 CPU Basic	2 vCPU	16 Gb	-
 Nvidia T4	8 vCPU	30 Gb	16 Gb
 Nvidia A10	12 vCPU	46 Gb	24 Gb
 Nvidia A40	16 vCPU	92 Gb	48 Gb
 Nvidia A100	20 vCPU	142 Gb	80 Gb
 Nvidia H100	20 vCPU	250 Gb	96 Gb

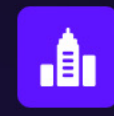

## Scalability

Our clusters are easily scalable, allowing you to increase computational power according to the growing demands of your project

## Flexibility

Our clients can choose the optimal cluster configuration based on their unique needs and budget

## Enterprise level

Our entire ecosystem is built from the ground up and optimized for enterprise workloads

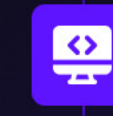

## Efficiency

Thanks to hardware-level optimization, our clusters provide maximum performance with minimal energy consumption

**We also focus on advancing AI technology to keep our clients at the cutting edge.**

**Deep learning and machine learning**

**Specialized computing resources**

**Internet of Things (IoT) and Data Collection**

**AI ethics and security**

**User Data:** Personal information, transaction history, and all user data are protected in accordance with international security standards

**Infrastructure:** The physical and virtual infrastructure of Tensorium is reliably protected against external threats and attacks, including DDoS attacks and malware

**Transactions:** All financial operations and transactions are conducted through encrypted communication channels, ensuring their confidentiality and integrity

**Connections and networks:** All network connections used by Tensorium are secured with modern encryption protocols, including SSL/TLS, to protect data during transmission

# Investment plans

By investing in any of our clusters, you will earn profits not only on weekdays but also on weekends. Earn up to 2.8% daily during 15-80 days

### High profit

Earn up to 84% net profit monthly even before compounding

### Quick payback

You don't have to wait too long for principal back. With us you return deposit rapidly

### Profit guarantee

We guarantee profit and unchanged deposit conditions

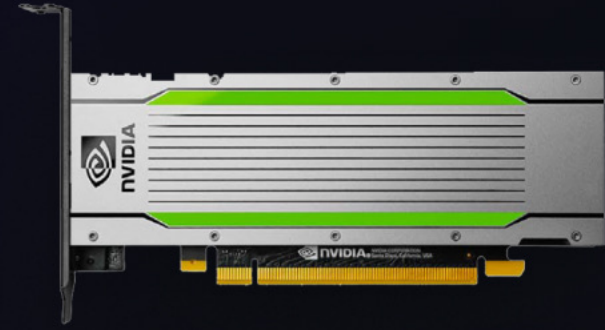

### Instant withdrawal

Withdraw your profits daily, instantly receiving funds to your wallet

# Partner program

Join our partnership program with up to 8 levels deep and earn up to 22% from your partners' deposits

**Sign up**  
Create an account in the system and get your personal referral link

**Share**  
Share your referral link on social media or your blog

**Earn profit**  
As soon as your referrals make a deposit, you will immediately receive a partner commission.

**Level up**  
Invite more referrals and increase your partner rank to boost your rewards

# Bonus system

To reward our most active partners, we have specially designed a bonus system

## Important information

The bonus system does not apply to paid promoters

Bonuses are credited instantly to your account's payment balance

Bonuses can be withdrawn to your wallet or used to pay for deposits

**100 \$**  
Bonus at 5 000 \$  
cashflow

**Enthusiast**

**150 \$**  
Bonus at 10 000 \$  
cashflow

**Pioneer**

**300 \$**  
Bonus at 20 000 \$  
cashflow

**Strategist**

**750 \$**  
Bonus at 35 000 \$  
cashflow

**Master**

**750 \$**  
Bonus at 50 000 \$  
cashflow

**Engineer**

**1 000 \$**  
Bonus at 100 000 \$  
cashflow

**Architect**

**2 000 \$**  
Bonus at 200 000 \$  
cashflow

**Innovator**

**5 000 \$**  
Bonus at 500 000 \$  
cashflow

**Visionary**

**7 500 \$**  
Bonus at 1 000 000 \$  
cashflow

**Leader**

**20 000 \$**  
Bonus at 3 000 000 \$  
cashflow

**Guru**

# Guarantees

Tensorium emphasizes trust and security, backed by a strong financial foundation and transparent reporting. The company's stability is confirmed by a capital certificate, with additional protection provided through an insurance certificate and a Guarantee Fund, ensuring investor confidence and safeguarding against unexpected risks.

## Company's capital

At Tensorium, we prioritize trust and security in our client and investor relationships by implementing robust safeguards. Our solid financial foundation, supported by stable capital and transparent reporting, stems from founder investments and revenue from our technology solutions. This ensures sustainable development and long-term innovation.

## Certification

The capital certificate confirms Tensorium's financial stability and ability to invest in innovation, ensuring the safety of client funds. The insurance certificate outlines our investment insurance program, detailing coverage and procedures, and underscores our commitment to protecting investor deposits.

**Members**

Note: For each class of shares issued by a proprietary company, ASIC records the details of the top twenty members of the class (based on shareholdings). The details of any other members holding the same number of shares as the twentieth ranked member will also be recorded by ASIC on the database. Where available, 28 August 2024 AEST 11:05:35 PM 1

## Company capital

Tensorium's Guarantee Fund safeguards clients and investors by covering deposits during financial disruptions. Funded by a small percentage of each transaction, it is regularly replenished and transparently reported on. In case of financial difficulties, the fund will be used for reimbursements.
